

008. The Lean Startup

by Eric Ries

5 Core Concepts — Quote-Style Paraphrases

1. “Entrepreneurs should test assumptions quickly instead of spending years building products based on unverified beliefs.”
2. “A minimum viable product helps a team learn what customers actually value with less wasted effort.”
3. “The build-measure-learn loop turns real customer feedback into a continuous learning process.”
4. “Use validated learning to distinguish genuine progress from activity that merely looks productive.”
5. “When evidence contradicts the original plan, change direction intelligently rather than becoming attached to the initial idea.”

Copyright note: These are original paraphrases of the book's core ideas, not verbatim quotations. They are designed as concise study notes.
