CONTENT STRUCTURE

5 of 5 recommended core concepts

+ Add

01 Compounding

Small improvements compound: tiny changes repeated consistently create remarkable results.

02 Environment design

Design your environment so good habits become obvious and easy, while bad habits become difficult.

Questions

8

Q1 · SINGLE CHOICE

Which statement best captures the central argument of Atomic Habits?

Core thesis · easy · 10 pts

Q2 · TRUE / FALSE

Small, consistent actions compound into disproportionate long-term results.

Application · easy · 8 pts

Q3 · MULTI SELECT

Select every practice the book actively recommends.

Frameworks · medium · 14 pts

Q4 · FILL THE BLANK

Fill the blank: a ____ is the smallest version of a behaviour that still counts as doing it.

Vocabulary · medium · 12 pts

Question 1 · Single choice

CONCEPT

Core thesis

DIFFICULTY

Easy

POINTS

10

PROMPT

Which statement best captures the central argument of Atomic Habits?

Answer

Mark the single correct option.

Outcomes improve fastest when you change systems, not goals

Talent is the only reliable predictor of long-term results

Motivation should be maximised before any behaviour change

Change requires a complete restructuring of your life at once
